

Chain Bridge Forge – Blacksmith Club History

The Forge is run by “The Friends of Chain Bridge” (CBF). The Forge dates back to the mid 1700’s and retains many original features, equipment and tools. CBF was formed in 2011 to conserve and protect the Forge.

The aims of CBF is preserve this unique building through taking on commissions and through practical, interactive experiences.

To further these objectives we are establishing a Blacksmithing Club which gives private access to the Forge and this will appeal to those who have some Blacksmithing experience or are complete beginners but have a desire to learn the art of Blacksmithing with the support others in this process.

These meetings will be held at Chain Bridge Forge or other suitable location on the 3rd Saturday of each month.
